

SELECT TOILET LIFTER 1000

NEW
from Pressalit

Design approved by hygiene nurse.

The inclination on the top prevents it from being used for storage. This is a hygiene requirement in hospitals.

The rounded top and curved profile create a harmonious appearance.

150 mm height adjustable support arms.

The locking handles for height adjusting the support arms are dementia safe.

Operating panel is mounted on the support arm (electric version only).

Closed cover ensures increased hygiene eliminating dirt-collecting gaps, grooves or holes.
